

CUT-OFF MACHINE
BRILLANT 230

The **BRILLANT 230** is a wet abrasive cut-off machine with fine dynamic, manual wheel movement into samples up to \varnothing 110 mm. The spacious cutting chamber allows various clamping variations. The solid aluminium design of the cutting machine comes with openings on the right and left hand side for cutting continuous long parts.

PRODUCT ADVANTAGES

- | Precise manual vertical movement
- | Large cutting chamber
- | Opening on left- and righthand side for continuous long materials
- | Large table, individually adjustable in x-direction
- | Sliding door and side door for superior accessibility
- | User friendly
- | Safety standard with door interlocking system
- | Flange with ceramic protector
- | Easy nut
- | Cutting chamber illumination with LED flex light
- | Large range of different clamping tools and systems available
- | Solid aluminium case construction, powder coated

FEATURES

Cutting wheel	up to Ø 300 mm/12"
Max. cutting capacity	Ø 110 mm
Wheel flange size	Ø 32 mm
Y-axis (vertical movement)	125 mm
Table WxD	380 x 250 mm, stainless
T-slot	12 mm
Connection power	6 kVA
Drive power (main drive)	4 kW S1
Speed	2750 rpm
W x H x D	830 x 640 x 670 mm
