

ACRI-KLEER Transparent Acrylic Mounting Compound

MetPrep's most transparent powder / liquid acrylic mounting system without using a pressure chamber. Ideal for many applications where seeing into the mounted sample is required. It is particularly popular for PCB micro-sectioning and microelectronic applications. Combines excellent visibility with good edge retention for an acrylic system.

11 10 44	ACRI-KLEER powder - Clear	1 Kg
11 10 47	ACRI-KLEER liquid	1 Litre

Curing time 8 minutes

Mixing Instructions: - 2 Part Powder - 1 Part Liquid by Volume
